

My lord,

were you
speaking
of me?

Chapter Two: White Enchantress*

*Shakti = Goddess in person = Kali,
Lama = the white Holy one = power, which, pleasure.

Tomorrow, today
you will see an
extraordinary sight—
King Pellinore himself
again rides on the lot,
brings some new born
fully grown men.

King Lot has
challenged him,
although what for,
God only knows.

They tell me that
King Pellinore has
13 children, all sons,
although only four
are born in wedlock.

My lord King
would do well
to follow his
lead.

Look, Lot, I
really don't know
how I've managed
to dishonour you
recently now: I
beat them you
at Bodeganu?

If you want to
be old gentlemen
like us y - I'll take
you on anytime,
anywhere.

You bastard!
Don't try to
play the fool
with me!

King Pellinore and King Lot are both fully grown men. King Lot is a powerful warrior and a great leader. King Pellinore is a powerful warrior and a great leader. King Lot is a powerful warrior and a great leader. King Pellinore is a powerful warrior and a great leader.

King Lot
of Lothian,
husband of
Margaux,
Arthur's oldest
brother.

Everyone knows
you're sleeping
with my wife!

King Pellinore
of Lintarion,
formerly 1st
ranked of the
Round Table.

I'll tell you
again, I
haven't!

I'm not shy
about these kind
of things, I've
always acknowledged
all my children,
as you well know!

Lemondle, what are you here for? You don't look broken up yet.

Give me a favour to carry, Elaine, and by God in Heaven, you'll be the Queen of Love and Beauty today.

Don't all girls want the crown of flowers here in their hair?

C'mon, spit it out - which lady are you in trouble with?

...
I can't tell you. If anybody finds out, I'll be beyond dead.

Quickly, carry him here!

Where is the physician, Master Morgan?

What happened?

My lord, m'lady...

King Lot has been...
has been...

By God's... head,
if you... don't pull
this God-damn... pole
out, I'll... do it... myself.

My lord King,
please wait for
Master Morgan -
don't make
it worse.

Why isn't
the physician
here already?

My lord, you see
those pulsations?

My lord
King!

If I pull out the
shaft, you will
bleed to death.

Is...that so?

You doctors...
always good...
for nothing.

Bring me...
my sons.

Gawaine,
Agravain ...
swear to me
that you... will
do as I say

Avenge me...
by killing
Pellinore.

If you find...
your mother
with... her lover,

SLAY
THEM
BOTH.

Sire, I
hear and-

obey.

You're both...
good boys

Now, Gawaine-
pull this...
God-damned
shaft out.

I've yet
to find
her...

and nobody
wants to
challenge me
any more...

*I don't feel
good about
killing...
anybody*

This is not
going very
well, is it?

TURN

I suppose I'll
take the time to
water Sir Lamocak's
horse properly.

You the boy
they call
"Du Lac"?

Where are you going?
You seem like a good
little boy, and good
little boys should
pay their respects
to their elders.

Sir Balin le Sauvage
the Knight with
Two Swords,
first ranked among
the Round Table

Balahad

Good sir, may I
ask you about
your sword?

Oh, you
haven't
heard?

Let me tell you
about how I got
this blade then...

How do I get
rid of this
damned blade?

The problem with
magic swords, they
have a mind of their
own...one that it knows
I'm out to destroy it,
it's fixed itself
to my side.

I won't allow you
to trouble poor Lancel!
The boy has enough
problems without
adding you to the mix!

Fair lady, I
heard you were
trying get rid
of that sword?

It's exquisite-
I'll gladly
take it off
your hands.

Good sir, this sword is cursed to
cause its bearer to kill the man
he loves best (and it won't leave
my side bearing my death)

That's an easy
problem to fix.

Traitor
knight,

that lady you
murdered

raised me
like her
own child.
